FINAL CORRECTIVE ACTION CONSENT AGREEMENT, AMERICAN LABS, INC.,
5701 S. COMPTON AVE, LOS ANGELES, CALIFORNIA, [U.S. EPA ID NUMBER
CAD 981459175]

Dear Mr. Ulrich:

Pursuant to the California Health and Safety Code (HS&C), Sections 25187 and 25200.10, corrective action is required to investigate and remediate all releases of hazardous wastes or constituents from solid waste management units at a hazardous waste management facility. The corrective action program applies to all facilities which had permits, interim status, or other grants of authorization. The American Labs, Inc. facility is subject to the state and federal corrective action programs.

The Department of Toxic Substances Control (DTSC) has evaluated evidence of release(s) at the subject facility, obtained during closure activities and other sources of information. As a result of this evaluation, DTSC has determined that further actions are necessary to determine appropriate corrective measures and to complete RCRA corrective action.

Enclosed is a final corrective action consent agreement prepared by DTSC for American Labs, Inc. located at 5701 South Compton Ave., Los Angeles, California. Included is a cost estimate for initial DTSC oversight. In order for DTSC to assist American Labs, Inc. in proceeding with completing RCRA corrective action requirements for the subject facility, it needs to be able to recover oversight costs. This is typically accomplished through the mechanism of a corrective action consent agreement (CACA).

Mr. Jerry Ulrich

Please sign the attached document and return it to DTSC. DTSC will sign the returned document and provide copies of the fully signed agreement to you. Should you have questions regarding the consent agreement, please contact Mr. Jamshid Shahi at (818) 551-2871 or myself at (818) 551-2920.

Sincerely,

// Original Signed by //
